

A4 Label Operational Guideline

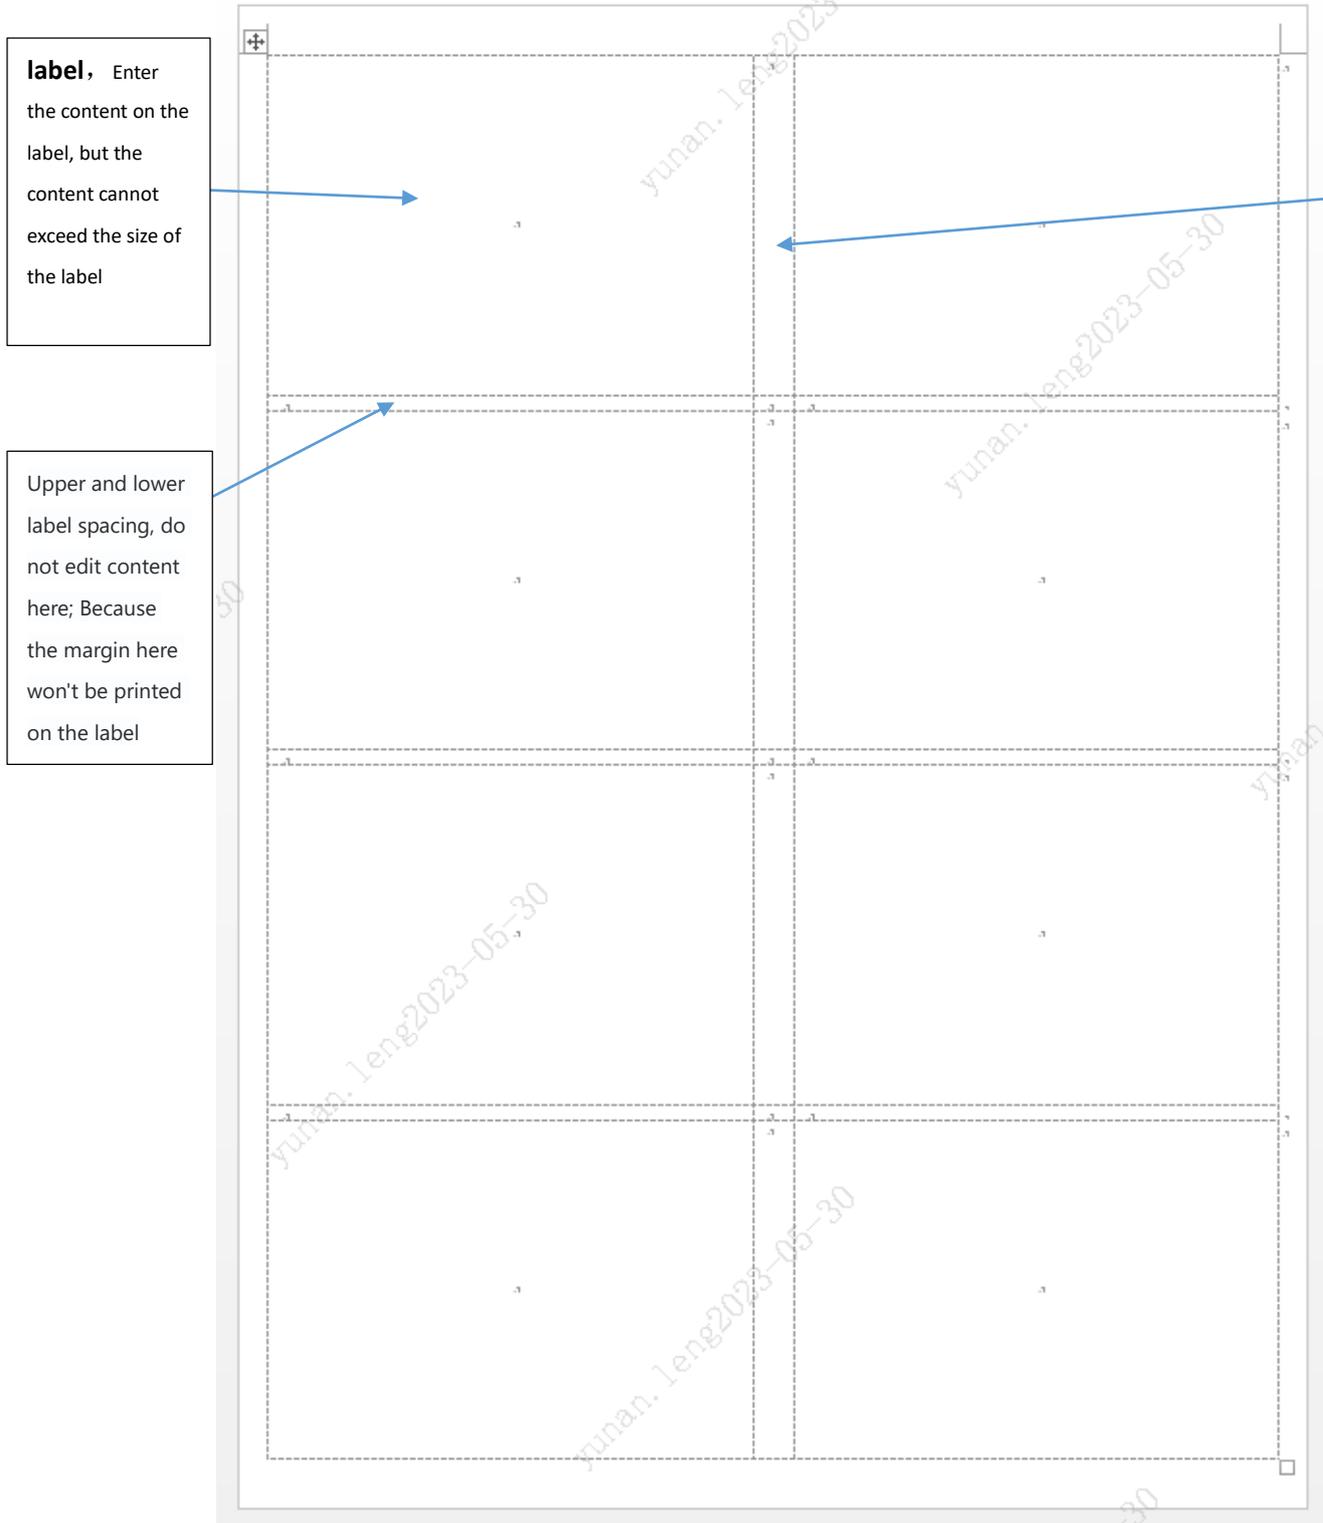

1、Download the corresponding A4 template from our website.

<https://label.ggimage.com/> → SUPPORT → A4 TEMPLATE

2、 Edit the required content within the template.

Do not modify the template at will; otherwise, the printed content will deviate from the label scope.

label, Enter the content on the label, but the content cannot exceed the size of the label

Upper and lower label spacing, do not edit content here; Because the margin here won't be printed on the label

Do not enter the space between the left and right labels. Otherwise, the printed information will not be displayed on the labels

3、 Put the label into an inkjet or laser printer

4、 Print the slide by clicking on File, Print.
